Note

Drawings show the standard version. All the dimensions included in technical descriptions are in cm (inch), approximate and subject to change (with a tolerance of 2%).

The products shown in the pictures do not have standard cover. Depending on the model, products can be made both in fabric and/or leather as from the official Fendi Casa set of samples in force.

Due to natural variation in the manner in which the dye is absorbed into the leather during the tanning process, it may show variations in shade and also in texture within the same hide.
It must be accepted therefore that it may not be possible to achieve a uniform match between panels that are joined together.

The company preserves the right to change the technical features of the products shown in this catalogue without notice as a result of technical updates.

Please note that, in this catalogue, the reference dimensions are those indicated in bold, as following:

- H: Altezza totale
- HA:** Altezza bracciolo
- HS:** Altezza seduta
- HB:** Altezza base
- L: Lunghezza totale
- D: Profondità totale
